2. LETTER OF NOC OR NSF RECOGNITION

Sports Accord (former GAISF - General Association of International Sports Federations) groups together international sports federations. Sportsaccords role consists in recognizing, assisting and representing the International Federations in realms of common interest within the Olympic and Sports Movement and governmental and non-governmental bodies. To become Sportsaccord member Racketlon must be played in 40 countries (instead of 30 in GAISF) on three continents around the world and FIR must count the same number of legally registered national federations recognised by the NSF - National Sports Federations or NOC – National Olympic Comitees. Membership is so important for FIR:

- Official sport worldwide
- Funds from EC or other public institutions
- Guarantee of seriousness for sponsors
- Funds for national Racketlon federations
- Only 5 FIR members Austria, Bulgaria, Czech Republic, Estonia, Finland, Latvia have got letter of NSF recognition
- FIR Publications 10 Tasks to nationally grow Racketlon and 10 Steps to a National Racketlon Federation

Concern: Recognition of the “Country” Racketlon Federation

Dear Ladies and Gentlemen,

Racketlon is the brother of Decathlon and Triathlon combining the four big Racketsports of the World: Tabletennis, Badminton, Squash and Tennis. The “Country” Racketlon Federation was registered in “place/date” (see documents) by “name of person” and is member of the world governing body of Racketlon:FIR - Federation Internationale de Racketlon, which is registered in Austria since 2003.

In order to ensure from our and your side that the “Country” Racketlon Federation is and stays the only governing body in “Country” we kindly ask you in the name of FIR and the “Country” Racketlon Federation for official recognition (not admission) by your “National Olympic Committee or National Sports Federation.”

Please be so kind to contact us per e-mail office@racketlon.net if you have any more questions and inform us if you need any more papers or facts to proceed. Thank you for your assistance!

Kind Regards,

FIR Executive President
Marcel Weigl

9. REQUESTS BY FIR MEMBERS

FIR Council requests a change of the voting power of the General Meeting, because all 29 member states now have registered a legal federation and there is no more need to get a basic vote for that. In addition the maximum votes per country shall be limited to six. Please find the exact wording in the attached FIR Statutes marked up by Rules Officer Karim Hanna.

10. AMENDMENTS TO STATUTES

7.9.1 Each member with voting power receives one basic vote according the principle *one country, one vote*. Half of the voting power shall be the sum of the total number of basic votes.

7.9.2 The other half of the voting power is the sum of the basic votes plus 1 vote (“variable votes”). Those votes are allocated to the members in direct proportion to the *racketlon size* of the country in accordance with the Hagenbach-Bischoff-System, whereas the maximum number of variable votes per member may not exceed five (5). Residual votes shall be allotted to those members who according the Hagenbach-Bischoff-System have the highest ratio calculated until all variable votes are allotted.

7.9.3 The first distribution of votes shall be calculated according the following formula of the Hagenbach-Bischoff-System: $\text{No. of Votes} = \text{No. of licensed players as of Jan 1} / (\text{total no. of licensed players} / (\text{no. of variable votes} + 1 \mid))$. The ratio used for the allotment of the residual votes is calculated according the following formula: $\text{No. of licensed players} / (\text{No. of votes allotted} + 1)$.

7.9.4 The *racketlon size* of a country is defined as the number of players from that country on the world ranking. The world ranking as of January 1st of the respective year shall be the basis for the calculation of the *racketlon size* and accordingly the voting power.

16. November 2011

Concern: www.racketlon.com

Dear Hans,

As FIR has now been notified by quite a few old and new Racketlon players it seems to our despair that www.racketlon.com is not updated any longer, although you had promised this more than a year ago. The latest news dates from December 2008, the latest published World Tour is also from 2008, the World Rankings from 2010.

As well as that the link to the FIR webpage is not very prominent and for new website visitors it is not comprehensible that www.racketlon.net is the official website of the International Racketlon Federation. A new player from Lebanon was searching on www.racketlon.com for no less than a week for this year's Champions League until a friend notified him, that he were on the wrong website.

To summarize www.racketlon.com in the state it is today is harming international Racketlon and FIR would like to know if that is your intent, which I cannot imagine. Once again we would like to make you an offer for FIR to incorporate www.racketlon.com and ask you what you would like to request as an exchange?

Please be so kind to make a statement on this letter until next week Wednesday 23rd November, so FIR Council can officially report to the AGM 2011 on this!

Thank you for your understanding and feedback. With kind regards,
Marcel Weigl, FIR Executive-President

And

Lennart Eklundh, FIR Treasurer

11. ANY OTHER BUSINESS

Hi Marcel,
(cc: Council)
First of all thanks for feedback!

However, this does puzzle me a bit since I thought we already had this discussion back in the beginning of 2010. At that time I agreed that there was information on Racketlon.com that could be potentially misleading - and therefore in need of an update. So I said I would fix it, which I did (on 26th of April 2010 according to the Racketlon.com Revision History). I notified you about the update and you said you would get back with comments, which you never did - so I thought we were OK. (I attach the conversation below for your convenience.)

So, since April 2010 I feel it has been rather clear that Racketlon.com is (with some notable exceptions!) mainly about the past. It aims to provide a RECORD of the international launch of our sport. And PROUDLY so since I believe it is quite unique even in the history of sports in general with such a comprehensive record of a launch of a new sport.

Nevertheless, since I take it you are still not happy I have taken this opportunity to polish the surface a bit as follows:

- *) Added a page with title "The Present Scope of Racketlon.com" (main link from ABOUT but also from the startpage; shortcuts and intro)
- *) Added comments (in orange) at the top of the NEWS section

I hope that makes you a happier man. Regarding your specific comments I address them in the attachment below and you can always get back to me with new ones. I certainly would like to know immediately if there is anything on Racketlon.com that you feel is "harming international Racketlon"(!) I am all about PROMOTING Racketlon. Not the opposite. Obviously!

Finally, I wish you the best of luck with the upcoming World Championships! I am sorry I could not attend this year but it seems as if I am in for another piece of knee surgery... Not too happy about that... Anyways, best wishes and cheers.

Hans Mullamaa
